

Save Time, Maintain Cash Flow

AccuPremium® makes it easier than ever to pay your premium

AF Group workers' compensation brands' pay-as-you-go solution, AccuPremium, ensures you pay premium based on actual payroll – keeping premium payments efficient and accurate.

Better cash flow and expense
planning – and fewer
surprises at final audit

Reporting and invoicing
done as frequently as
payroll is reported

No restrictions on states
or class codes

Eligibility

- Accounts must have a minimum premium of \$2,500.
- Accounts must have fluctuating payrolls or seasonal operations.
- Short-term policy terms must be longer than six months.
- Security deposit is as low as 5% for policies over \$100,000 (actual percentage determined after financials reviewed).

How it Works

- No administration fees.
- EFT and paperless billing available.
- Payroll reporting done online by you or your payroll vendor.
- Available for most payroll vendors, with a few minor exceptions.
- Real-time notification of premium due when self reporting, next day for payroll vendor reporting.
- Dedicated AccuPremium service team from 8 a.m. to 8 p.m. ET.
- While you should still expect an audit, with accurate and consistent payroll reporting, there should be less risk for surprises.

Signing Up and Payroll Reporting

After your policy is issued, you'll receive an email with instructions for choosing your AccuPremium payroll reporting method and frequency.

Based on your payroll frequency, you'll receive an email reminder to report your payroll.

- Payroll can be reported at any point throughout the week.
- You will receive an immediate notification after submitting the payroll report – which will include the premium amount to be billed.
- Invoices will bill on Friday for any payroll reported in that week – and will be due 10 days later.
- You may choose your payment preference – autopay or a manual (online or pay-by-check) payment.
- If payroll is not reported by your chosen frequency, email reminders will be sent to the email on file.
